

PRATHAMESH PAL

India · prathameshpal.tech@gmail.com · prathamesh-pal.github.io ·

Backend / Full-Stack Developer with a focus on Applied AI, building specialized AI/ML systems, backend platforms, and full-stack web applications.

Technical Skills

Languages — Python, JavaScript, SQL, HTML, CSS

Backend — Django, FastAPI, Node.js, Express.js, REST APIs, JWT, Middleware

Frontend — React, Tailwind CSS, Bootstrap

Databases — PostgreSQL, MongoDB, SQLite, Mongoose, pgvector

AI / ML — Machine Learning, RAG, Vector Search, OCR, Whisper

Tools — Git, GitHub, Docker, Linux, Vite

Projects

Commerce / Auctions — CS50W

Django, Python, SQLite, Bootstrap, JavaScript

Full-stack auction marketplace with authentication, listings, bidding, comments, categories, and watchlists. Implemented auction closing, winner determination, active/closed listing management, and relational database workflows.

NucleoX Labs – Applied AI Platform

React, Tailwind CSS, FastAPI, Python

An applied-AI initiative focused on specialized intelligence, AI research, and practical AI systems. Designed and developed a React/Tailwind web platform around "Engineering Specialized Intelligence."

WorkNest

Flask, Python, SQLite

Built a recruiter/job-finder web application with database-backed job management and user workflows.

Finance Sim

Python, SQLite, Web Development

Built a stock-trading simulation with buying, selling, portfolio tracking, and market-data workflows.

Experience

Freelance Full-Stack Developer

2026 — Present

Building backend systems using React, Node.js, Django, and FastAPI. Developing REST APIs, authentication systems, database-backed applications, and reusable frontend components.

Peer Tutor – Mathematics & Programming

2026

Helped peers understand programming and mathematical concepts through practical, step-by-step problem solving.

Education & Certifications

Harvard CS50

CS50x — Introduction to Computer Science

Completed

CS50P — Introduction to Programming with Python

Completed

CS50W — Web Programming with Python and JavaScript

In Progress
